Technical Skills

Programming Languages and Databases : C++, C, MySql

Web Development : HTML, CSS, Javascript, MongoDB, Express, React, Nodejs

Core Subjects: Data Structures, Database Systems, Object-Oriented Programming, Operating System, Computer Networks

Tools and Technologies: Git, Postman, Github, VsCode

Soft Skills: Collaboration, Communication, Leadership, Strategic Planning

Experience/Projects

Proxenix Pvt. Limited

May 2025 – June 2025

Web Development Intern

Remote

- Developed and delivered responsive web templates using HTML, CSS, and vanilla JavaScript, enhancing cross-device compatibility and reducing layout shifts by over 30% across screen sizes.
- Applied component-based design principles to ensure scalable and maintainable front-end architecture.
- Improved front-end performance and accessibility standards through structured markup and CSS layouts.

Projects

Streamify : 1:1 Video Calling & Real-Time Chat App | MongoDB, Express, React, Nodejs

streamify-0u1w.onrender.com

- Developed a full-stack web app enabling 1:1 video calls with <200ms latency using Stream's Video SDK.
- Integrated real-time chat with instant message sync and typing indicators, boosting responsiveness by 30.
- Built minimal, responsive UI with React + Tailwind, achieving 100% mobile and desktop compatibility.
- Reduced cold start and load time by 35% through Vite optimization and component-level code splitting.

Sight : A Travel Helper Platform | MongoDB, Express, Nodejs

wanderl.onrender.com

- Designed and developed an intuitive platform where users can list, rate, and search travel destinations.
- Integrated MongoDB and Express.js to manage real-time content with RESTful APIs supporting CRUD operations with <200 ms response time.
- Implemented secure session-based authentication with Passport.js, reducing unauthorized access by 100%.

Content-based book recommendation system | Python, Streamlit, Machine Learning

[Book-Recommendation](#)

- Engineered a recommendation engine using TF-IDF and cosine similarity to analyze user preferences.
- Deployed on Streamlit, processing 1,000+ titles with an 85% hit rate in matching books to users.
- Automated suggestion delivery, reducing manual selection time by over 70%.

Education

Jaypee University Of Engineering And Technology

May 2022 – May 2026

Bachelor of Science in Computer Science Engineering

Guna, Madhya Pradesh

CGPA : 9.3

Senior Secondary Education (12th)

May 2022

Hinpupat Public School

Raghogarh, Madhya Pradesh

Percentage : 85.4

Secondary Education (10th)

May 2020

Hinpupat Public School

Raghogarh, Madhya Pradesh

Percentage : 84.2

Awards & Achievements

- Ranked in the top 10 out of 400 students based on academic performance.
- Solved over 400+ problems related to data structures and algorithms on the Leetcode coding platform.

Certifications

- [Career essentials in Software Development](#), Linkedin Learning
- [Introduction to Full stack development](#), Simplilearn

Extra-curricular Activities

Hobbies: Listening Music, Traveling
